

## **“Engineering is the still most preferred career- Avinash Dharmadhikari”**

Cummins college of engineering for women organized ‘Career opportunities in science and technology’ for class XII, JEE, MHTCET appeared, engineering aspiring and Polytechnic students of Vidarbha. Dr. Avinash Dharmadhikari, Retd. IAS, Fluent Orator and Director of Chanakya Mandal Parivar Pune, in his 70 minutes speech guided the audience to be both successful and happy in their life. With live examples of motivational and struggling story of various scientists like Edison, Einstein, Michel Faraday, Newton he narrated the term success. He strongly appealed to parent and students that career does have scope, it is you who has to find an opportunity. The three Formulae for success he gave are - Have faith in yourself, do proper selection of stream of your aptitude and achieve success through excellence & creativity in whatever you do. He also remembered the contribution of Maharshi Karve to the women education saying that it is really inspirational and people should read the biography of Maharshi Karve in this vacation. Earlier he felicitated of placed students of Cummins college Nagpur and appreciated the core engineering placements. He guided students to choose the right stream at right time for the bright future. He stated that Bachelor of Engineering course is a trending and most preferred Bachelor course and students with aptitude should opt for it. He also stated that, If you observe the statistics of any job field like Management, Software, Core engineering, Banking, civil services, Engineering graduates are required due to their technical and aptitude skills. He narrated with examples that quality engineering graduates are in the demand worldwide. If you have believe in yourself, don't care about Unemployability as it is the state of mind. If you are determined towards your dream then practically nothing can stop you. After his speech, curious students and parents cleared their doubts in a QA session. Students with parents patiently listened the valuable talk. The program was attended by MKSSS management members Shrikantji Chitale and Surekhatai Saraf. The Seminar was compared by Prof. Rashmi Deshpande while Vote of Thanks was proposed by Dr. Shubhangi Bompilwar. The Program was successfully planned and managed under the guidance of Dr. Bhushan Joshi Principal Cummins college of engineering for women Nagpur.
